- Fetal asphyxia during intrapartum period in intrauterine growth-retarded infants (Low, Boston, and Pancham), 351
- cardiac response to paracervical block anesthesia, Part I (Freeman et al.), 583
- Part II (Paul and Freeman), 592
- distress, basis of possible new diagnostic test of, carcino-embryonic antigen present in meconium (Goldenberg et al.), 66
- estrogens, maternal and, effect of adrenocorticotrophic hormone and dexamethasone, administered to fetus in utero, upon (Arai, Kuwabara, and Okinaga), 316
- heart rate, mechanism of late deceleration of (James et al.), 578
- throughout pregnancy (Ibarra-Polo, Guiloff F., and Gomez-Rogers), 814
- maternal-, electrocardiogram conduction with intrapartum fetal death (Schneiderman, Waxman, and Goodman), 1130 (Current investigation)
- maturity, birth weight, gestational age, and renal glomerular development as indices of (Fujikura and Froehlich), 627
- and dysmaturity, assessment of (Dewhurst, Beazley, and Campbell), 141
- metabolism, arteriovenous nonesterified fatty acids and glycerol differences in umbilical cord at term and their relationship to (Sheath et al.), 358
- monitoring, clinical (Paul), 573
- safety of ultrasound in (Mannor et al.), 653
- and neonatal circulation, effects of endotoxin on, II; circulatory shock in pregnant sheep (Bech-Jansen et al.), 37
- and perinatal pathology, role of placenta in (Altschuler and McAdams), 616
- Fetography (Wiesenhaan), 819
- Fetomaternal production and transfer of progesterone and uridine in sheep (Gurpide et al.), 21
- Fetoprotein, alpha, in uterine hemorrhage during pregnancy and delivery (Seppälä et al.), 323
- Fetus in utero, effect of adrenocorticotrophic hormone and dexamethasone administered to, upon maternal and fetal estrogens (Arai, Kuwabara, and Okinaga), 316
- Fluid, amniotic, estril values in, in course of normal pregnancy (Fencl, Alonso, and Alba), 367
- and maternal and cord serum levels of gentamicin after intra-amniotic instillation in patients with premature rupture of membranes (Freeman, Matsen, and Arnold), 1138 (Comm. in brief)
- presence of sex binding globulin in (Caputo and Hosty), 804
- procoagulant properties of (Phillips and Davidson), 911
- total lipids and lecithin-sphingomyelin ratio of, antenatal test of lung immaturity? (Nakamura et al.), 363
- cytology, peritoneal, associated with benign neoplastic ovarian tumors in women (McGowan, Bunnag, and Arias), 961
- embolism, fatal amniotic, in Dade County, unusual incidence (McLeod), 1103
- Fluid—Cont'd
- human amniotic, origin of gamma G globulins in (Cederqvist et al.), 838
- protein, amniotic, turnover of, in human conceptus (Gitlin et al.), 632
- Fluoroscopy, intraoperative, removal of intra-abdominal intrauterine contraceptive devices through peritoneoscope with use of, to aid localization (Brooks et al.), 104
- Follicle-stimulating hormone, luteinizing hormone, and steroid profiles in identical twins with polycystic ovaries (McDonough, Mahesh, and Ellegood), 1072
- Forceps, Shute, compressive forces of (Pearse and Kolbeck), 44
- G
- G globulins, gamma, in human amniotic fluid, origin of (Cederqvist et al.), 838
- Gamma G globulins in human amniotic fluid, origin of (Cederqvist et al.), 838
- Gas-liquid chromatography, radioimmunoassay and, comparison of urinary estrogen values determined by (Kaplan et al.), 956
- Gentamicin, amniotic fluid and maternal and cord serum levels of, after intra-amniotic instillation in patients with premature rupture of membranes (Freeman, Matsen, and Arnold), 1138 (Comm. in brief)
- Gestational age, renal glomerular development, and birth weight as indices of fetal maturity (Fujikura and Froehlich), 627
- Globulin(s), gamma G, in human amniotic fluid, origin of (Cederqvist et al.), 838
- sex binding, presence of, in amniotic fluid (Caputo and Hosty), 804
- Glomerular development, renal, birth weight, and gestational age as indices of fetal maturity (Fujikura and Froehlich), 627
- Glucocorticoids, prevention of generalized Schwartzman reaction by (Latour, McKay, and Nasu), 863
- Glucose administration, maternal intravenous, as cause of hypoglycemia in infant of diabetic mother (Light, Keenan, and Sutherland), 345
- Glycerol differences, arteriovenous nonesterified fatty acids and, in umbilical cord at term and their relationship to fetal metabolism (Sheath et al.), 358
- Gonads, fine structure of, in complete form of testicular feminization syndrome (Ferenczy and Richart), 399
- Gonadal dysgenesis, mixed, gonadoblastoma associated with (Kariminejad et al.), 410
- XY, with dysgerminoma, sibship occurrence of (Boczkowski, Teter, and Sternadel), 952
- Gonadoblastoma associated with mixed gonadal dysgenesis (Kariminejad et al.), 410
- Gonadotropin, human chorionic, localization of, in monolayer cultures of trophoblast cells by mixed agglutination (Loke, Wilson, and Borland), 875
- radioimmunoassay which specifically measures, in presence of human luteinizing hormone (Vaitukaitis, Braunstein, and Ross), 751
- induced ovulation and conception, spontaneous pregnancy following (Thompson and Taymor), 901
- serum human chorionic, human chorionic somatomammotropin, and progesterone following intra-amniotic injection of hypertonic urea (Raud, Baisdon, and Collins), 887
- Growth, intrauterine bacterial, during labor (Prevedourakis et al.), 33
- retarded infants, intrauterine, fetal asphyxia during intrapartum period in (Low, Boston, and Pancham), 351

- Gynecologic operations, suprapubic bladder drainage following (McGruder), 267  
unit, general, laparoscopy in (Liston et al.), 672  
Gynecology, obstetrics and, clinical applications of ultrasound in (Stone, Weingold, and Lee), 1046  
developing applications of prostaglandins in (Hinman), 130 (Current developments)  
integration of medical and social responsibilities in teaching (Thiede et al.), 188  
service, inpatient, surveillance of infection of (Ledger, Reite, and Headington), 662

throughout pregnancy (Ibarra-Polo, Guilloff F., and Gomez-Rogers), 814  
Heat-stable alkaline phosphatase levels, serum, in normal and abnormal pregnancy (Elder), 833  
Hemodynamic responses of patients with heart disease to pregnancy and exercise (Ueland, Novy, and Metcalfe), 47  
Hemoglobin SD disease, pregnancy and (Nunneley, Thelin, and Dilts), 844 (Comm. in brief)  
Hemoglobinopathies, iron status of pregnant women with (Anderson), 895  
Hemorrhage, uterine, during pregnancy and delivery, alpha fetoprotein in (Seppälä et al.), 323  
Hermaphroditism, true, and chimerism (Benirschke et al.), 449  
Heroin addiction during pregnancy (Statzer and Wardell), 273  
"High-risk" pregnancy, normal and, use of estrogen/creatinine ratio and "estrogen index" for screening of (Dickey, Grannis, and Hanson), 880  
Hormonal changes during induction of midtrimester abortion by prostaglandin  $F_{2\alpha}$  (Cantor et al.), 607  
Hormone, adrenocorticotrophic, and dexamethasone, administered to fetus in utero, effect of, upon maternal and fetal estrogens (Arai, Kuwabara, and Okinaga), 316  
follicle-stimulating and luteinizing, steroid and, profiles in identical twins with polycystic ovaries (McDonough, Mahesh, and Ellegood), 1072  
human luteinizing, radioimmunoassay which specifically measures human chorionic gonadotropin in presence of (Vaitukaitis, Braunstein, and Ross), 751  
therapy, combined, for recurrent adenocarcinoma of endometrium (Collins), 842 (Comm. in brief)  
Hospital, community, comprehensive adolescent maternity program in (Webb, Briggs, and Brown), 511  
Hypercoagulability, postpartum, and antithrombin III activity, effect of estrogens on (von Kaulla et al.), 920  
Hypertension and oral contraception (Smith), 482  
Hypertensive toxemias of pregnancy, coagulation studies in (Davidson and Phillips), 905  
Hypertonic dextrose, intravenous infusion of, effect of rest and, on subnormal estril excretion in pregnancy (Beischer and O'Sullivan), 771  
saline, defibrination syndrome after intra-amniotic infusion of (Weiss et al.), 868  
infusion, intra-amniotic, plasma volume, electrolyte, and coagulation factor changes following (Easterling et al.), 1065  
urea, serum human chorionic gonadotropin, human chorionic somatomammotropin, and progesterone following intra-amniotic injection of (Raud, Balsdon, and Collins), 887

- Hypocalcemia and recurrent apnea, association of, in premature infants (Gershanik, Levkoff, and Duncan), 646  
Hypoglycemia in infant of diabetic mother, maternal intravenous glucose administration as cause of (Light, Keenan, and Sutherland), 345  
Hypoxia, acute, effects of, uterine vascular bed (Greiss, Anderson, and King), 1057  
Hysterectomy, abdominal, prospective investigation of etiology of febrile morbidity following (Nissen and Goldstein), 111  
elective (Parrott), 531  
radical, suprapubic bladder drainage following (van Nagell, Penny, and Roddick), 849 (Comm. in brief)  
vaginal, following conization in treatment of carcinoma in situ of cervix (van Nagell et al.), 948  
sciatic neuropathy complicating (McQuarrie et al.), 223  
Hysteroscopy, evaluation of method of, with use of thirty per cent Dextran (Levine and Neuwirth), 696

## I

- Ileum, endometriosis of, four cases with obstruction (Venable), 1054  
Immaturity, lung, antenatal test of, total lipids and lecithin-sphingomyelin ratio of amniotic fluid (Nakamura et al.), 363  
Immune prophylaxis, Rh, do Rh-negative women with early spontaneous abortion need? (Vischer and Visscher), 158  
Immunologic inactivation of human pregnancy serum oxytocinase activity (Watkins and Small), 973 (Current investigation)  
Impregnated, progestogen-, intravaginal devices, inhibition of ovulation with cyclic use of (Mishell, Lumkin, and Stone), 927  
Inactivation, immunologic, of human pregnancy serum oxytocinase activity (Watkins and Small), 973 (Current investigation)  
Incompetence, cervical, temporary submucosal cerclage for, report of forty-eight cases (Jennings), 1097  
Incompetent cervix in pregnancy, silicone-plastic cuff for treatment of (Yosowitz et al.), 233  
Index, estrogen, estrogen/creatinine ratio and, use of, for screening of normal and "high-risk" pregnancy (Dickey, Grannis, and Hanson), 880  
Induced abortions, factors associated with delay in seeking (Bracken and Swigar), 301  
gonadotropin-, ovulation and conception, spontaneous pregnancy following (Thompson and Taymor), 501  
Induction of labor, elective, use of buccal Pitocin for (Claypool, Reeves, and McElin), 261  
prostaglandin  $F_{2\alpha}$  for (Vakhariya and Sherman), 212  
midtrimester abortion by prostaglandin  $F_{2\alpha}$ , hormonal changes during (Cantor et al.), 607  
ovulation, simultaneous intrauterine and tubal pregnancies following (Berger and Taymor), 812  
Infant(s) of diabetic mother, maternal intravenous glucose administration as cause of hypoglycemia in (Light, Keenan, and Sutherland), 345  
intrauterine growth-retarded, fetal asphyxia during intrapartum period in (Low, Boston, and Pancham), 351  
premature, association of hypocalcemia and recurrent apnea in (Gershanik, Levkoff, and Duncan), 646  
Infection, surveillance of, of inpatient gynecology service (Ledger, Reite, and Headington), 662  
Infusion, intra-amniotic, of hypertonic saline, defibrination syndrome after (Weiss et al.), 868  
plasma volume, electrolyte, and coagulation factor changes following (Easterling et al.), 1065

## Infusion—Cont'd

- intravenous, of hypertonic dextrose, effect of rest and, on subnormal estriol excretion in pregnancy (Beischer and O'Sullivan), 771
- Inhibition, labor, applicability of, to problem of prematurity (Zlatnik), 704 (Current opinion)
- of ovulation with cyclic use of progesterone-impregnated intravaginal devices (Mishell, Lumkin, and Stone), 927
- Injectable progesterone for contraception, estrogenic activity in women receiving (Mishell et al.), 372
- Injection, intra-amniotic, of hypertonic urea, serum human chorionic gonadotropin, human chorionic somatomammotropin, and progesterone following (Raud, Balsdon, and Collins), 887
- Inpatient gynecology service, surveillance of infection of (Ledger, Reite, and Headington), 662
- Instillation, intra-amniotic, in patients with premature rupture of membranes, amniotic fluid and maternal and cord serum levels of gentamicin after (Freeman, Matsen, and Arnold), 1138 (Comm. in brief)
- Insufficiency, placental, and small-for-dates baby (Scott and Jordan), 823
- Intra-abdominal intrauterine contraceptive devices, removal of, through a peritoneoscope with use of intraoperative fluoroscopy to aid localization (Brooks et al.), 104
- Intra-amniotic administration of prostaglandin  $F_{2\alpha}$  for abortion (Wentz et al.), 793
- hypertonic saline infusion, plasma volume, electrolyte, and coagulation factor changes following (Easterling et al.), 1065
- infusion of hypertonic saline, defibrination syndrome after (Weiss et al.), 868
- injection of hypertonic urea, serum human chorionic gonadotropin, human chorionic somatomammotropin, and progesterone following (Raud, Balsdon, and Collins), 887
- instillation in patients with premature rupture of membranes, amniotic fluid and maternal and cord serum levels of gentamicin after (Freeman, Matsen, and Arnold), 1138 (Comm. in brief)
- Intraepithelial carcinoma of vulva (Boutselis), 733
- Intraoperative fluoroscopy, removal of intra-abdominal intrauterine contraceptive devices through peritoneoscope with use of, to aid localization (Brooks et al.), 104
- Intrapartum fetal death, maternal-fetal electrocardiogram conduction with (Schneiderman, Waxman, and Goodman), 1130 (Current investigation)
- period, fetal asphyxia during, in intrauterine growth-retarded infants (Low, Boston, and Pancham), 351
- Intrauterine bacterial growth during labor (Prevedourakis et al.), 33
- contraceptive devices, intra-abdominal, removal of, through a peritoneoscope with use of intraoperative fluoroscopy to aid localization (Brooks et al.), 104
- devices, ovarian pregnancy and (Levin, Caspi, and Hirsch), 843 (Comm. in brief)
- growth-retarded infants, fetal asphyxia during intrapartum period in (Low, Boston, and Pancham), 351
- and tubal pregnancies, simultaneous, following ovulation induction (Berger and Taymor), 812
- Intravaginal devices, progesterone-impregnated, inhibition of ovulation with cyclic use of (Mishell, Lumkin, and Stone), 927
- Intravenous glucose administration, maternal, as cause of hypoglycemia in infant of diabetic mother (Light, Keenan, and Sutherland), 345
- infusion of hypertonic dextrose, effect of rest and, on subnormal estriol excretion in pregnancy (Beischer and O'Sullivan), 771

## Intravenous—Cont'd

- prostaglandin  $F_{2\alpha}$  for therapeutic abortion (Kirshen, Naf-tolin, and Ryan), 340
- efficacy and tolerance of three dosage schedules (Brenner), 1037
- Invasion, bladder, Stage IV carcinoma of cervix with (Million, Rutledge, and Fletcher), 239
- Invasive cervical cancer, how preventable is? (Martin), 541
- vulvar Paget's disease, in situ and, electron microscopy in (Neilson and Woodruff), 719
- Involution of placental site and corpus luteum in the monkey (Bronson, Volk, and Ruebner), 70
- Iron status of pregnant women with hemoglobinopathies (Anderson), 895
- Ischemia, temporary uterine, effects of, on embryo of conscious rat (Bruce), 296
- Isoimmunization, Rh-, disease, clinical applications in, II. plasma estradiol, estriol, and progesterone in human pregnancy (Tulchinsky et al.), 766
- Items, 139-140, 718

## J

- Junction, uterotubal, chemical occlusion at, in monkeys (Dafoe et al.), 388

## K

- Ketamine, study of, as obstetric anesthetic agent (Little et al.), 247

## L

- Labia minora, conglutination of, in presence of normal endogenous estrogen levels, exception to rule (Goldstein and Rajcher), 845 (Comm. in brief)
- Labor, drugs in, prenatal psychological state and use of (Brown, Grodin, and Manning), 598
- effect of pudendal, spinal, and peridural block anesthesia on second stage of (Johnson et al.), 166
- elective induction of, use of buccal Pitocin for (Claypool, Reeves, and McElin), 261
- inhibition, applicability of, to problem of prematurity (Zlatnik), 704 (Current opinion)
- intrauterine bacterial growth during (Prevedourakis et al.), 33
- paracervical block analgesia during (Thiery and Vroman), 988 (Current developments)
- and pregnancy, observations on level of blood oxytocinase throughout course of (Ances), 291
- prostaglandin  $F_{2\alpha}$  for induction of (Vakhariya and Sherman), 212
- Laminaria tent, relic of past or modern medical device? 442
- Laparoscopy in general gynecologic unit (Liston et al.), 672
- its role in private practice, 459
- Late deceleration of fetal heart rate, mechanism of (James et al.), 578
- Law, new abortion, New York State obstetricians and, physician experience with abortion techniques (Wassertheil-Smoller, Arnold, and Lerner), 979 (Current opinion)
- Lecithin-sphingomyelin ratio of amniotic fluid, total lipids and, antenatal test of lung immaturity? (Nakamura et al.), 363
- Leiomyoma of ovary (Choudhuri and Mukherji), 1142 (Comm. in brief)
- report of five cases and review of literature (Fallahzadeh, Dockerty, and Lee), 394
- Lipids, total, and lecithin-sphingomyelin ratio of amniotic fluid, antenatal test of lung immaturity? (Nakamura et al.), 363
- Liquid, gas-, chromatography, radioimmunoassay and, comparison of urinary estrogen values determined by (Kaplan et al.), 956

- Localization of human chorionic gonadotropin in monolayer cultures of trophoblast cells by mixed agglutination (Loke, Wilson, and Borland), 875
- Lubricants, vaginal, effect of, on sperm motility and viability in vitro (Tagatz, Okagaki, and Sciarra), 88
- Lung immaturity, antenatal test of, total lipids and lecithin-sphingomyelin ratio of amniotic fluid (Nakamura et al.), 363
- Luteinizing hormone, human, radioimmunoassay which specifically measures human chorionic gonadotropin in presence of (Vaitukaitis, Braunstein, and Ross), 751
  - steroid, follicle-stimulating hormone, and, profiles in identical twins with polycystic ovaries (McDonough, Mahesh, and Ellegood), 1072
- Luteum, corpus, placental site and, involution of, in the monkey (Bronson, Volk, and Ruebner), 70
- Lymph node involvement, para-aortic, in cervical carcinoma (Buchsbaum), 942
- Lymphocyte reactivity to antigen in pregnancy (Smith, Caspary, and Field), 602

# M

- Maternal and child health, changing, in Uganda (Minkler), 474
  - and cord serum levels, amniotic fluid and, of gentamicin after intra-amniotic instillation in patients with premature rupture of membranes (Freeman, Matsen, and Arnold), 1138 (Comm. in brief)
  - fetal electrocardiogram conduction with intrapartum fetal death (Schneiderman, Waxman, and Goodman), 1130 (Current investigation)
  - and fetal estrogens, effect of adrenocorticotrophic hormone and dexamethasone, administered to fetus in utero, upon (Arai, Kuwabara, and Okinaga), 316
  - intravenous glucose administration as cause of hypoglycemia in infant of diabetic mother (Light, Keenan, and Sutherland), 345
  - and perinatal mortality rates, impact of abortion on (Evrard), 415 (Current opinion)
  - phenylketonuria, problem of (MacCready and Levy), 121 (Current opinion)
  - plasma estradiol levels in normal and complicated pregnancies (Sybulski and Maughan), 310
- Maternity program, comprehensive adolescent, in community hospital (Webb, Briggs, and Brown), 511
- Maturity and dysmaturity, fetal, assessment of (Dewhurst, Beazley, and Campbell), 141
  - fetal, birth weight, gestational age, and renal glomerular development as indices of (Fujikura and Froehlich), 627
- Meconium, carcinoembryonic antigen present in, basis of possible new diagnostic test of fetal distress (Goldenberg et al.), 66
- Medical device, modern, relic of past or, laminaria tent, 442
  - and social responsibilities, integration of, in teaching Obstetrics-Gynecology (Thiede et al.), 188
- Membranes, premature rupture of, amniotic fluid and maternal and cord serum levels of gentamicin after intra-amniotic instillation in patients with (Freeman, Matsen, and Arnold), 1138 (Comm. in brief)
- Menstrual cycles, ovulatory, monophasic basal body temperature in (Johansson, Larsson-Cohn, and Gemzell), 933
- Metabolism, carbohydrate, effect of exogenous estrogen on, in postmenopausal women (Ajabar et al.), 383
  - fetal, arteriovenous nonesterified fatty acids and glycerol differences in umbilical cord at term and their relationship to (Sheath et al.), 358
- Microinvasive carcinoma of cervix (Savage), 708 (Current developments)

- Microscopy, electron, in situ and invasive vulvar Paget's disease (Neilson and Woodruff), 719
- Midtrimester abortion, induction of, by prostaglandin F<sub>2α</sub>, hormonal changes during (Cantor et al.), 607
  - of pregnancy, vaginal bleeding in (Scott), 329
- Minora, labia, conglutination of, in presence of normal endogenous estrogen levels, exception to rule (Goldstein and Rajcher), 845 (Comm. in brief)
- Mixed agglutination, localization of human chorionic gonadotropin in monolayer cultures of trophoblast cells by (Loke, Wilson, and Borland), 875
  - gonadal dysgenesis, gonadoblastoma associated with (Karimnejad et al.), 410
- Monitoring, clinical fetal (Paul), 573
  - fetal, safety of ultrasound in (Mannor et al.), 633
- Monolayer cultures of trophoblast cells by mixed agglutination, localization of human chorionic gonadotropin in (Loke, Wilson, and Borland), 875
- Monophasic basal body temperature in ovulatory menstrual cycles (Johansson, Larsson-Cohn, and Gemzell), 933
- Morbidity, febrile, following abdominal hysterectomy, prospective investigation of etiology of (Nissen and Goldstein), 111
- Mortality rates, maternal and perinatal, impact of abortion, on (Evrard), 415 (Current opinion)
- Mosaicism, XX/XO, in patients with secondary amenorrhea or oligomenorrhea (Heine, Fontana, and Green), 119 (Current investigation)
- Mother(s), diabetic, maternal intravenous glucose administration as cause of hypoglycemia in infant of (Light, Keenan, and Sutherland), 345
  - on welfare, utilization of prenatal and other preventive health care service by (Podell), 859
- Motility and viability, sperm, in vitro, effect of vaginal lubricants on (Tagatz, Okagaki, and Sciarra), 88
- Mucinous and serous components, endometrioid tumor of ovary with (Anderson), 686
- Mucosal (sub-) cerclage, temporary, for cervical incompetence, report of forty-eight cases (Jennings), 1097
- Mucus, human cervical, alcohols of (Singh and Swartwout), 1141 (Comm. in brief)

# N

- Negative, Rh-, women with early spontaneous abortion, do need Rh immune prophylaxis? (Vischer and Vischer), 158
- Neonatal circulation, fetal and, effects of endotoxin on, II; circulatory shock in pregnant sheep (Bech-Jansen et al.), 37
- Neoplasias, cervical, colposcopy as diagnostic tool in investigation of (Donohue and Meriwether), 107
- Neoplastic ovarian tumors, benign, in women, peritoneal fluid cytology associated with (McGowan, Bunnag, and Arias), 961
- Neurofibromatosis of bladder and vagina (Gold), 1055
- Neuropathy, sciatic, complicating vaginal hysterectomy (McQuarrie et al.), 223
- New York State obstetricians and new abortion law, physician experience with abortion techniques (Wassertheil-Smoller, Arnold, and Lerner), 979 (Current opinion)
- Node involvement, para-aortic lymph, in cervical carcinoma (Buchsbaum), 942

# O

- Obstetric anesthetic agent, study of ketamine as (Little et al.), 247
- Obstetrics and gynecology, clinical applications of ultrasound in (Stone, Weingold, and Lee), 1046
  - developing applications of prostaglandins in (Hinman), 130 (Current developments)

## Obstetrics and Gynecology—Cont'd

- integration of medical and social responsibilities in teaching (Thiede et al.), 188
- paracervical block in (LeHew), 1079
- Obstetricians, New York State, and new abortion law, physician experience with abortion techniques (Wasserheil-Smoller, Arnold, and Lerner), 979 (Current opinion)
- Obstruction, four cases with, endometriosis of ileum (Venable), 1054
- Occlusion, chemical, at uterotubal junction in monkeys (Dafoe et al.), 388
- Office diagnosis in patients with abnormal cervicovaginal cytosemears, correlation of colposcopic biopsy and cytologic findings (Crapanzano), 967
- Oligomenorrhea, secondary amenorrhea or, XX/XO mosaicism in patients with (Heine, Fontana, and Green), 119 (Current investigation)
- Operation(s), colpocleisis, evaluation of, report of fifty-eight cases (Ridley), 1114
  - gynecologic, suprapubic bladder drainage following (McGruder), 267
  - radical, for rectal carcinoma, pregnancy following (Lea), 504
- Oral contraception, hypertension and (Smith), 482
  - contraceptives, amenorrhea following use of (Rifkin, Nachtigall, and Beckman), 420 (Current developments)
  - thrombosis of digital vessels secondary to (Wilensky and Hubbard), 1137 (Comm. in brief)
- Ovarian disorders, other, polycystic ovary disease and, evaluation of epitestosterone and testosterone excretion in (Schneider, Weed, and Rice), 176
  - pregnancy and intrauterine devices (Levin, Caspi, and Hirsch), 843 (Comm. in brief)
  - tumors, benign neoplastic, in women, peritoneal fluid cytology associated with (McGowan, Bunnag, and Arias), 961
  - and uterine veins, dilatation of, in mouse, steroid compounds and (Forbes and Glasse), 678
  - vein thrombophlebitis, postpartum (Robinson), 497
- Ovary(ies) disease, polycystic, and other ovarian disorders, evaluation of epitestosterone and testosterone excretion in (Schneider, Weed, and Rice), 176
- endometrioid tumor of, with mucinous and serous components (Anderson), 686
- leiomyoma of (Choudhuri and Mukherji), 1142 (Comm. in brief)
  - report of five cases and review of literature (Fallahzadeh, Dockerty, and Lee), 394
- polycystic, steroid, follicle-stimulating hormone, and luteinizing hormone profiles in identical twins with (McDonough, Mahesh, and Ellegood), 1072
- Ovulation and conception, gonadotropin-induced, spontaneous pregnancy following (Thompson and Taymor), 901
  - following therapeutic abortion (Boyd and Holmstrom), 469
  - induction, simultaneous intrauterine and tubal pregnancies following (Berger and Taymor), 812
  - inhibition of, with cyclic use of progestogen-impregnated intravaginal devices (Mishell, Lumkin, and Stone), 927
- Ovulatory menstrual cycles, monophasic basal body temperature in (Johansson, Larsson-Cohn, and Gemzell), 933
- Oxygen tensions, placental, differences between veins (Lumley, Walker, and Wood), 846 (Comm. in brief)
- Oxytocin, studies concerning radioimmunoassay for (Bashore), 488
- Oxytocinase activity, human pregnancy serum, immunologic inactivation of (Watkins and Small), 973 (Current investigation)
  - blood, observations on level of, throughout course of labor and pregnancy (Ances), 291

## P

- Pacific Coast Obstetrical and Gynecological Society, transactions of thirty-eighth annual meeting, 433-568
- Paget's disease, in situ and invasive vulvar, electron microscopy in (Neilson and Woodruff), 719
- Pancreatitis in pregnancy (Corlett and Mishell), 281
- Para-aortic lymph node involvement in cervical carcinoma (Buchsbaum), 942
- Paracervical block analgesia during labor (Thiery and Vroman), 988 (Current developments)

- and pregnenolone sulfate in pregnancy plasma (Scommegna, Burd, and Bieniarz), 60
- and uridine, fetomaternal production and transfer of, in sheep (Gurpide et al.), 21
- Progestins, possible mechanisms of action of, on endometrial adenocarcinoma (Anderson), 195
- Progesterone alone, changes induced by, IV. Progestational agents and blood coagulation (Mink et al.), 739
- impregnated intravaginal devices, inhibition of ovulation with cyclic use of (Mishell, Lumkin, and Stone), 927
- injectable, for contraception, estrogenic activity in women receiving (Mishell et al.), 372
- Prolactin secretion in human pregnancy, studies of (Tyson et al.), 14
- Prophylaxis, Rh immune, do Rh-negative women with early spontaneous abortion need? (Visscher and Visscher), 158
- Prostaglandin(s), developing applications of, in obstetrics and gynecology (Hinman), 130 (Current developments)
- F<sub>2a</sub>, hormonal changes during induction of midtrimester abortion by (Cantor et al.), 607
- for induction of labor (Vakhariya and Sherman), 212
- intra-amniotic administration of, for abortion (Wentz et al.), 793
- intravenous, for therapeutic abortion (Kirshen, Naf-tolin, and Ryan), 340
- efficacy and tolerance of three dosage schedules (Brenner), 1037
- Protein, amniotic fluid, turnover of, in human conceptus (Gitlin et al.), 632
- Psychological state, prenatal, and use of drugs in labor (Brown, Grodin, and Manning), 598
- progesterone levels and, in normal women (Kyger and Webb), 759
- Pudendal, spinal, and peridural block anesthesia, effect of, on second stage of labor (Johnson et al.), 166

Puerperal curettage, amenorrhea secondary to (Asherman's syndrome) (Jensen and Stromme), 150

## Q

Quantitation of transport of sodium across amniochorion (Brame), 1085

## R

Radical hysterectomy, suprapubic bladder drainage following (van Nagell, Penny, and Roddick), 849 (Comm. in brief)

operation for rectal carcinoma, pregnancy following (Lea), 504

Radioimmunoassay and gas-liquid chromatography, comparison of urinary estrogen values determined by (Kaplan et al.), 956

for oxytocin, studies concerning (Bashore), 488

which specifically measures human chorionic gonadotropin in presence of human luteinizing hormone (Vaitukaitis, Braunstein, and Ross), 751

Rape in District of Columbia (Hayman et al.), 91

Rate, fetal heart, mechanism of late deceleration of (James et al.), 578

throughout pregnancy (Ibarra-Polo, Guiloff F., and Gomez-Rogers), 814

Ratio, estrogen/creatinine, and "estrogen index," use of, for screening of normal and "high-risk" pregnancy (Dickey, Grannis, and Hanson), 880

Reaction, generalized Shwartzman, prevention of, by glucocorticoids (Latour, McKay, and Nasu), 863

Receptors, estrogen, in human breast cancer tissue (Maass et al.), 377

Rectal carcinoma, pregnancy following radical operation for (Lea), 504

Recurrent adenocarcinoma of endometrium, combined hormone therapy for (Collins), 842 (Comm. in brief)

apnea and hypocalcemia, association of, in premature infants (Gershanik, Levkoff, and Duncan), 646

Renal glomerular development, birth weight, and gestational age as indices of fetal maturity (Fujikura and Froehlich), 627

Rest and intravenous infusion of hypertonic dextrose, effect of, on subnormal estriol excretion in pregnancy (Beischer and O'Sullivan), 771

Retarded infants, intrauterine growth-, fetal asphyxia during intrapartum period in (Low, Boston, and Pancham), 351

Rh-isoinmunization disease, clinical applications in, II. plasma estradiol, estriol, and progesterone in human pregnancy (Tulchinsky et al.), 766

-negative women with early spontaneous abortion, do need Rh immune prophylaxis? (Visscher and Visscher), 158

Rupture, premature, of membranes, amniotic fluid and maternal and cord serum levels of gentamicin after intra-amniotic instillation in patients with (Freeman, Matsen, and Arnold), 1138 (Comm. in brief)

of spleen (Hoffman), 524

of unscarred uterus, mechanism of (Vago and Jhirad), 848 (Comm. in brief)

## S

Safety of ultrasound in fetal monitoring (Mannor et al.), 653

Saline, hypertonic, defibrination syndrome after intra-amniotic infusion of (Weiss et al.), 868

infusion, intra-amniotic hypertonic, plasma volume, electrolyte, and coagulation factor changes following (Easterling et al.), 1065

Scarred (un-) uterus, mechanism of rupture of (Vago and Jhirad), 848 (Comm. in brief)

Sciatic neuropathy complicating vaginal hysterectomy (McQuarrie et al.), 223

Scientist, clinician as (Page), 433

Screening of normal and "high-risk" pregnancy, use of estrogen/creatinine ratio and "estrogen index" for (Dickey, Grannis, and Hanson), 880

SD disease, hemoglobin, pregnancy and (Nunnelley, Thelin, and Dilts), 844 (Comm. in brief)

Second stage of labor, effect of pudendal, spinal, and peridural block anesthesia on (Johnson et al.), 166

Secondary amenorrhea or oligomenorrhea, XX/XO mosaicism in patients with (Heine, Fontana, and Green), 119 (Current investigation)

to puerperal curettage, amenorrhea (Asherman's syndrome) (Jensen and Stromme), 150

Secretion, prolactin, in human pregnancy, studies of (Tyson et al.), 14

Serous components, mucinous and, endometrioid tumor of ovary with (Anderson), 686

Serum heat-stable alkaline phosphatase levels in normal and abnormal pregnancy (Elder), 833

human chorionic gonadotropin, human chorionic somatomammotropin, and progesterone following intra-amniotic injection of hypertonic urea (Raud, Baldson, and Collins), 887

levels, amniotic fluid and maternal and cord, of gentamicin after intra-amniotic instillation in patients with premature rupture of membranes (Freeman, Matsen, and Arnold), 1138 (Comm. in brief)

oxytocinase activity, human pregnancy, immunologic inactivation of (Watkins and Small), 973 (Current investigation)

Sex binding globulin, presence of, in amniotic fluid (Caputo and Hosty), 804

Shock, circulatory, in pregnant sheep; effects of endotoxin on fetal and neonatal circulation, II (Bech-Jansen et al.), 37

Shute forceps, compressive forces of (Pearse and Kolbeck), 44

Shwartzman reaction, generalized, prevention of, by glucocorticoids (Latour, McKay, and Nasu), 863

Sibship occurrence of XY gonadal dysgenesis with dysgerminoma (Boczkowski, Teter, and Sternadel), 952

Silicone-plastic cuff for treatment of incompetent cervix in pregnancy (Yosowitz et al.), 233

Small-for-dates baby, placental insufficiency and (Scott and Jordan), 823

Social responsibilities, medical and, integration of, in teaching Obstetrics-Gynecology (Thiede et al.), 188

Sodium, transport of, across amniochorion, quantitation of (Brame), 1085

Somatomammotropin, human chorionic, human chorionic gonadotropin, and progesterone, serum, following intra-amniotic injection of hypertonic urea (Raud, Baldson, and Collins), 887

South Atlantic Association of Obstetricians and Gynecologists, transactions of thirty-fourth annual meeting, 1037-1129

Sperm motility and viability in vitro, effect of vaginal lubricants on (Tagatz, Okagaki, and Sciarra), 88

Sphingomyelin, lecithin-, ratio of amniotic fluid, total lipids and, antenatal test of lung immaturity? (Nakamura et al.), 363

Spinal and peridural block anesthesia, pudendal and, effect of, on second stage of labor (Johnson et al.), 166

Spleen, rupture of (Hoffman), 524

Spontaneous abortion, early, do Rh-negative women with need Rh immune prophylaxis? (Visscher and Visscher), 158

pregnancy following gonadotropin-induced ovulation and conception (Thompson and Taymor), 901

Stable, heat-, alkaline phosphatase levels, serum, in normal and abnormal pregnancy (Elder), 833

- Stage IV carcinoma of cervix with bladder invasion (Million, Rutledge, and Fletcher), 239  
second, of labor, effect of pudendal, spinal, and peridural block anesthesia on (Johnson et al.), 166  
Staging accuracy in cervical cancer, effect of examination under anesthesia on (van Nagell, Harraison, and Roddick), 938  
surgical, of cervical cancer, exploratory celiotomy for (Averette, Dudan, and Ford), 1090  
Steroid compounds and dilatation of ovarian and uterine veins in mouse (Forbes and Glassen), 678  
follicle-stimulating hormone, and luteinizing hormone profiles in identical twins with polycystic ovaries (McDonough, Mahesh, and Ellegood), 1072  
Stimulating, follicle-, hormone, luteinizing hormone, and steroid profiles in identical twins with polycystic ovaries (McDonough, Mahesh, and Ellegood), 1072  
Submucosal cerclage, temporary, for cervical incompetence, report of forty-eight cases (Jennings), 1097  
Suprapubic bladder drainage following gynecologic operations (McGruder), 267  
radical hysterectomy (van Nagell, Penny, and Roddick), 849 (Comm. in brief)  
cystotomy by trocar catheter, preliminary report (Ingram), 1108  
Sulfate, pregnenolone, progesterone and, in pregnancy plasma (Scommegna, Burd, and Bieniarz), 60  
Surgical staging of cervical cancer, exploratory celiotomy for (Averette, Dudan, and Ford), 1090  
Syndrome, Asherman's (amenorrhea secondary to puerperal curettage) (Jensen and Stromme), 150  
Budd-Chiari, after pregnancy (Rosenthal et al.), 789  
defibrination, after intra-amniotic infusion of hypertonic saline (Weiss et al.), 868  
testicular feminization, fine structure of gonads in complete form of (Ferenczy and Richart), 399

T

- Teaching Obstetrics-Gynecology, integration of medical and social responsibilities in (Thiede et al.), 188  
Temperature, monophasic basal body, in ovulatory menstrual cycle (Johansson, Larson-Cohn, and Gemzell), 933  
Tensions, placental oxygen, differences between veins (Lumley, Walker, and Wood), 846 (Comm. in brief)  
Tent, laminaria, relic of past or modern medical device? 442  
Term, umbilical cord at, arteriovenous nonesterified fatty acids and glycerol differences in, and their relationship to fetal metabolism (Sheath et al.), 358  
Test, antenatal, of lung immaturity, total lipids and lecithin-sphingomyelin ratio of amniotic fluid (Nakamura et al.), 363  
possible new diagnostic, of fetal distress, basis of, carcino-embryonic antigen present in meconium (Goldenberg et al.), 66  
Testicular feminization syndrome, fine structure of gonads in complete form of (Ferenczy and Richart), 399  
Testosterone excretion, epitestosterone and, evaluation of, in polycystic ovary disease and other ovarian disorders (Schneider, Weed, and Rice), 176  
Therapeutic abortion, intravenous prostaglandin F<sub>2α</sub> for (Kirschen, Naftolin, and Ryan), 340  
efficacy and tolerance of three dosage schedules (Brenner), 1037  
ovulation following (Boyd and Holmstrom), 469  
Thrombophlebitis, postpartum ovarian vein (Robinson), 497  
Thrombosis of digital vessels secondary to oral contraceptives (Wilensky and Hubbard), 1137 (Comm. in brief)  
Tissue, human breast cancer, estrogen receptors in (Maass et al.), 377

- Torsion of Fallopian tube in postmenopausal women (Powell, Foley, and Llorens), 115  
Toxemias, hypertensive, of pregnancy, coagulation studies in (Davidson and Phillips), 905  
Transactions, thirty-eighth annual meeting, Pacific Coast Obstetrical and Gynecological Society, 433-568  
thirty-fourth annual meeting, South Atlantic Association of Obstetricians and Gynecologists, 1037-1129  
thirty-ninth annual meeting, Central Association of Obstetricians and Gynecologists, 141-278  
Transport of sodium across amniochorion, quantitation of (Brame), 1085  
Treatment of carcinoma in situ of cervix, vaginal hysterectomy following conization in (van Nagell et al.), 948  
Trocar catheter, suprapubic cystotomy by, preliminary report (Ingram), 1108  
Trophoblast cells, localization of human chorionic gonadotropin in monolayer cultures of, by mixed agglutination (Loke, Wilson, and Borland), 875  
Tubal pregnancies, simultaneous intrauterine and, following ovulation induction (Berger and Taymor), 812  
Tube, Fallopian, torsion of, in postmenopausal women (Powell, Foley, and Llorens), 115  
Tumor(s), benign neoplastic ovarian, in women, peritoneal fluid cytology associated with (MacGowan, Bunag, and Arias), 961  
endometrioid, of ovary with mucinous and serous components (Anderson), 686  
Turnover of amniotic fluid protein in human conceptus (Gitlin et al.), 632  
Twins, identical, with polycystic ovaries, steroid, follicle-stimulating hormone, and luteinizing hormone profiles in (McDonough, Mahesh, and Ellegood), 1072

U

- Uganda, changing maternal and child health in (Minkler), 474  
Ultrasound, clinical applications of, in obstetrics and gynecology (Stone, Weingold, and Lee), 1046  
in fetal monitoring, safety of (Mannor et al.), 653  
Umbilical cord at term, arteriovenous nonesterified fatty acids and glycerol differences in, and their relationship to fetal metabolism (Sheath et al.), 358  
Urea, hypertonic, serum human chorionic gonadotropin, human chorionic somatomammotropin, and progesterone following intra-amniotic injection of (Raud, Balso, and Collins), 887  
Ureteral function in pregnant women. VI. Bladder and lower ureteral pressures during voiding (Rubi and Sala), 335  
Uridine, progesterone and, fetomaternal production and transfer of, in sheep (Gurpide et al.), 21  
Urinary estrogen values determined by radioimmunoassay and gas-liquid chromatography, comparison of (Kaplan et al.), 956  
Uterine adenocarcinoma of rat induced by 7, 12-dimethylbenz[*a*]anthracene, in vivo and in vitro studies on (Sekiya et al.), 691  
hemorrhage during pregnancy and delivery, alpha fetoprotein in (Seppälä et al.), 323  
ischemia, temporary, effects of, on embryo of conscious rat (Bruce), 296  
vascular bed, effects of acute hypoxia (Greis, Anderson, and King), 1057  
veins, ovarian and, dilatation of, in mouse, steroid compounds and (Forbes and Glassen), 678  
Utero, fetus in, effect of adrenocorticotrophic hormone and dexamethasone administered to, upon maternal and fetal estrogens (Arai, Kuwabara, and Okinaga), 316

- Uterotubal junction, chemical occlusion at, in monkeys (Dafoe et al.), 388
- Uterus, unscarred, mechanism of rupture of (Vago and Jhirad), 848 (Comm. in brief)

## V

- Vagina, bladder and, neurofibromatosis of (Gold), 1055
- Vaginal bleeding in midtrimester of pregnancy (Scott), 329
- blood flow in ewes, effect of estrogen on (Abrams, Caton, and Bazer), 681
- cancer and vaginal development, estrogen and (Forsberg), 83
- epithelium, effects of estrogens on cytology and vascularization of, in climacteric women (Bercovici, Uretzki, and Palti), 98
- hysterectomy following conization in treatment of carcinoma in situ of cervix (van Nagell et al.), 948
- sciatic neuropathy complicating (McQuarrie et al.), 223
- lubricants, effect of, on sperm motility and viability in vitro (Tagatz, Okagaki, and Sciarra), 88
- Vascular bed, uterine, effects of acute hypoxia (Greiss, Anderson, and King), 1057
- Vascularization, cytology and, of vaginal epithelium, effects of estrogens on, in climacteric women (Bercovici, Uretzki, and Palti), 98
- Vein(s), differences between, placental oxygen tensions (Lumley, Walker, and Wood), 846 (Comm. in brief)
- ovarian and uterine, dilatation of, in mouse, steroid compounds and (Forbes and Glassen), 678
- Vein(s)—Cont'd
- thrombophlebitis, postpartum ovarian (Robinson), 497
- Vessels, digital, thrombosis of, secondary to oral contraceptives (Wilensky and Hubbard), 1137 (Comm. in brief)
- Viability, sperm motility and, in vitro, effect of vaginal lubricants on (Tagatz, Okagaki, and Sciarra), 88
- Virilization, sudden and rapid, during pregnancy (Gilliland and McCollough), 1053
- Voiding, bladder and lower ureteral pressures during, VI. Ureteral function in pregnant women (Rubi and Sala), 335
- Vulva, intraepithelial carcinoma of (Boutselis), 733
- Vulvar Paget's disease, in situ and invasive, electron microscopy in (Neilson and Woodruff), 719

## W

- Weight, birth, gestational age, and renal glomerular development as indices of fetal maturity (Fujikura and Froehlich), 627
- Welfare, utilization of prenatal and other preventive health care service by mothers on (Podell), 859
- Well-being, day-by-day feelings of, contraceptive pills and (Morris and Udry), 763

## X

- XX/XO Mosaicism in patients with secondary amenorrhea or oligomenorrhea (Heine, Fontana, and Green), 119 (Current investigation)
- XY gonadal dysgenesis with dysgerminoma, sibship occurrence of (Boczkowski, Teter, and Sternadel), 952

# Amniotic fluid—Cont'd

- fetal urine, and meconium, radioimmunoassay of oxytocin in, during late pregnancy and delivery (Sepälä et al.), 788
- human, nondialyzable peptide-bound hydroxyproline in: indicator of fetal growth (Shah et al.), 250
- lecithin/sphingomyelin ratio as assessment of fetal pulmonary maturity (Bryson, Gabert, and Stenchever), 208
- and maternal plasma from Rh-sensitized pregnancies, amino acid variations in. part II (Reid, Campbell, and Yakymyshyn), 1035
- meconium-stained, fetal heart rate patterns, and Apgar scores: human placental lactogen levels and intrapartum fetal distress (Spellacy et al.), 803
- phospholipids, diagnosis of fetal maturity by (Gerbie, Gerbie, and Boehm), 1078
- protein(s): evidence for presence of fetal plasma glycoproteins in mouse amniotic fluid (Gustine and Zimmerman), 553
- patterns, gestational age and (Touchstone et al.), 58
- volumes in normal pregnancies (Queenan et al.), 34
- intra-, administration of prostaglandin  $F_{2\alpha}$  to induce therapeutic abortion (Brenner et al.), 781
- injection of hypertonic saline to induce abortion, disseminated intravascular coagulation resulting in severe hemorrhage, following (Sedaghat and Ayromloo), 841 (Comm. in brief)
- prostaglandin  $F_{2\alpha}$  augmented with intravenous oxytocin, midtrimester abortion produced by (Kochenour et al.), 516
- Anesthesia, epidural, without epinephrine, cesarean section under. VI. maternal cardiovascular dynamics (Ueland et al.), 775
- Anesthetized (un-) sheep fetus, response of, to sympathomimetic amines and adrenergic blocking agents (Joelsson et al.), 43
- Antibacterial activity of human amniotic fluid (Bergman, Bercovici, and Sacks), 520
- Antibiotics, prophylactic, in cesarean section: double-blind study (Gibbs, DeCherney, and Schwarz), 1048
- Antigenicity of human ovarian tissue, studies of (Bailey et al.), 639
- Antipyrine, sodium, and leucine, transfer across perfused human placenta of (Schneider, Panigel, and Dancis), 822
- Antisera, nephrotoxic, inhibitory effects of, on growth of rat fetuses (Vaillancourt and McCallion), 255
- Apgar scores, meconium-stained amniotic fluid, and fetal heart rate patterns: human placental lactogen levels and intrapartum fetal distress (Spellacy et al.), 803
- Arousal levels, human fetal, as indicated by heart rate recordings (Goodlin and Schmidt), 613
- Aspirate, gastric, predicting neonatal infections by evaluation of: study in two hundred and seven patients (Mims et al.), 232

## B

- Bacterial gangrene, progressive synergistic, arising from abscesses of vulva and Bartholin's gland duct (Roberts and Hester), 285
- Bacteriologic study of suprapubic bladder drainage (Mattingly, Moore, and Clark), 732
- Bartholin's gland duct, vulva and, progressive synergistic bacterial gangrene arising from abscesses of (Roberts and Hester), 285
- Base, acid-, regulation, fetal cerebrospinal fluid (Mann, Carmichael, and Duchin), 546
- solution, response of hypoxic fetal and neonatal lamb to administration of (Johnson, Brinkman, and Assali), 914

- Benign and neoplastic endometrium, steroid excretion patterns in postmenopausal women with (Sall and Calanog), 153
- Biochemical, clinical, and histochemical studies of ovarian dysgerminoma with trophoblasts and Leydig cells (Ueda et al.), 748
- composition of human endometrium, effect of intrauterine contraceptive device upon (Rosado et al.), 88
- Biopsy, cervical cone, use of colposcope in selection of patients for (Hollyock and Chanan), 185
- fetal, endoamniocopy and: new technique (Valenti), 561 (Current investigation)
- ovarian, laparoscopy and, for assessment of secondary amenorrhea (Black and Govan), 739
- Bladder drainage, suprapubic, bacteriologic study of (Mattingly, Moore, and Clark), 732
- Bleeding is present in early pregnancy, value of ultrasonic B-scanning in diagnosis when (Varma), 607
- Blocking agents, adrenergic, sympathomimetic amines and, response of unanesthetized sheep fetus to (Joelsson et al.), 43
- Blocks, paracervical, effects of, on fetus during labor: prospective study with use of direct fetal monitoring (Bloom, Horswill, and Curet), 218
- Blood 5'-adenosine triphosphate in fetal and neonatal hypoxia, new aspect of role of (Bacigalupo and Saling), 631
- flow, carotid, uterine, and iliac, in pregnant and non-pregnant ewes, effect of exercise stress on (Orr et al.), 213
- cerebral, oxygen consumption, and glucose utilization of fetal lambs in utero (Makowski et al.), 292
- human fetal, steroid hormone levels in, during delivery (Arai et al.), 812
- pressure, weight and, its effect on: depo-medroxyprogesterone acetate as contraceptive agent (Leiman), 97
- Books received, 284, 574, 846

Sonography and amniocentesis as predictors of gestational age and fetal growth in rhesus monkey (Peterson et al.), 883

Sphingomyelin, lecithin/, ratio, amniotic fluid, as assessment of fetal pulmonary maturity (Bryson, Gabert, and Stenchever), 208

Spring intrauterine contraceptive device, Majzlin, effectiveness of (Solish, Kohl, and Majzlin), 106

Squamous metaplasia, endometrial, and cysts in rats, effect of some oral contraceptive steroids on development of (Liu et al.), 685

Stainless steel intrauterine contraceptive device, new silicone-covered: Ypsilon (Soichet), 938

Stained, meconium-, amniotic fluid, fetal heart rate patterns, and Apgar scores: human placental lactogen levels and intrapartum fetal distress (Spellacy et al.), 803

Sterility, male, due to fistula between rectum and common ejaculatory ducts: case report (Abramovici et al.), 840 (Comm. in brief)

Sterilization, oviductal, with tantalum clips (Haskins), 370  
tubal pregnancy following application of tantalum clips at culdoscopy for (Neuwirth, Casthely, and Kim), 1066  
vaginal hysterectomy for (Roach et al.), 670

Steroid(s), combination oral contraceptive, serum estradiol in women ingesting (Mishell et al.), 923  
excretion patterns in postmenopausal women with benign and neoplastic endometrium (Sall and Calanog), 133  
hormone levels in human fetal blood during delivery (Arai et al.), 812  
some oral contraceptive, effect of, on development of endometrial squamous metaplasia and cysts in rats (Liu et al.), 685

Sterol esters, glycerides and, of human cervical mucus, effects of oral contraceptives on (Singh and Swartwout), 484

Stimulating, follicle-, hormone, luteinizing hormone, and prolactin, L-dopa effect on, in women with advanced breast cancer: preliminary report (Dickey and Minton), 267 (Current investigation)

Streptomycin concentrations, serum, studies on, by intrauterine electrophoresis with streptomycin (Rizov et al.), 103

Stress, exercise, effect of, on carotid, uterine, and iliac blood flow in pregnant and nonpregnant ewes (Orr et al.), 213

Subcellular localization of human placental acid phosphatases (Hoffman and DiPietro), 1087

Subepithelial endometrial collagen (Agrawal and Fox), 172

Superfused slices of human endometrium, nuclear concentration of estradiol in (Tseng and Gurpide), 995

Surfactant, pulmonary, rapid determination of (Armstrong and VanWormer), 1083

Surgical scrub, providone-iodine, associated with radical pelvic operations, reaction to (Llorens), 834 (Comm. in brief)

Suprapubic bladder drainage, bacteriologic study of (Mattingly, Moore, and Clark), 792

Sympathetic nervous system response, adrenal gland and, in eclampsia (Zuspan), 304

Sympathomimetic amines and adrenergic blocking agents, response of unanesthetized sheep fetus to (Joelsson et al.), 43

Syndromes, galactorrhea, endocrine diagnosis of pituitary tumor in (Kase, Andriole, and Sobrinho), 321

Synergistic bacterial gangrene, progressive, arising from abscesses of vulva and Bartholin's gland duct (Roberts and Hester), 285

System response, sympathetic nervous, adrenal gland and, in eclampsia (Zuspan), 304

T

T-Mycoplasmas, concentration of doxycycline in serum and seminal fluid and effect on growth of. II. Mycoplasma and human reproductive failure (Gnarpe and Friberg), 963

Tantalum clips at culdoscopy for sterilization, tubal pregnancy following application of (Neuwirth, Casthely, and Kim), 1066  
oviductal sterilization with (Haskins), 370

Teeth, fetal, calcification of, as index of fetal maturation (Lemons, Kuhns, and Poznanski), 628

Tension, premenstrual, changes in capillary filtration coefficient of cutaneous vessels in women with (Wong et al.), 950

Tents, laminaria, cervical migration of (Hanson, Niswander, and Trelford), 835 (Comm. in brief)

Teratologic study of rats exposed to ultrasound (McClain, Hoar, and Saltzman), 39

Termination of pregnancies up to twelve weeks of gestation, preliminary evaluation as instrument for: Karman catheter (Beric, Kupresanin, and Hulka), 273 (Comm. in brief)

Test, oxytocin challenge, clinical experience with (Ray et al.), 1  
screening, for estrogen dependence of endometrial carcinoma (Rubin et al.), 660

Testicular feminization, normal Y chromosome fluorescent pattern in (Neu and Gardner), 932

Tetrahydrocannabinol, delta-9-, effect of, on chromosomes of human lymphocytes in vitro (Stenchever and Allen), 819

Therapeutic abortion, intra-amniotic administration of prostaglandin  $F_{2\alpha}$  to induce (Brenner et al.), 781  
intrauterine extra-amniotic administration of prostaglandin  $F_{2\alpha}$  for (Braakma et al.), 511  
psychological reaction to. II. objective response (Niswander, Singer, and Singer), 29  
release of prostaglandin  $F_{2\alpha}$  following injection of hypertonic saline for: preliminary study (Gustavii and Gr  n), 1099 (Comm. in brief)

Tissue culture, granulosa cell tumor in (Goldston, Wilbanks, and Campbell), 652  
distribution, placental transfer and, of iophenoxic acid in hamster (Miller, Ferm, and Mudge), 259  
human ovarian, studies of antigenicity of (Bailey et al.), 639

Toxic placenta, study of fetal cotyledons from. II. trophoblast development gradient and its relationship to placental hemodynamics (Alvarez et al.), 873

Toxoplasmosis and pregnancy (Hume), 703 (Current developments)

Tract, female genital, correlations between clinical and laboratory findings in virus infection of (Amstey, Nasello, and Balduzzi), 479

Transabdominal amniocentesis, new ultrasonic method for (Bang and Northeved), 599

Transactions, Ninety-fifth Annual Meeting, American Gynecological Society, 285-418, 445-478

Triphosphate, blood 5'-adenosine, in fetal and neonatal hypoxia, new aspect of role of (Bacigalupo and Saling), 631

Trophoblast(s), chorionic, essay on physical forces that shape: on growth and form in hemochorial placenta (Reynolds), 115 (Current opinion)  
development gradient and its relationship to placental hemodynamics. II. study of fetal cotyledons from toxemic placenta (Alvarez et al.), 873  
and Leydig cells, clinical, histochemical, and biochemical studies of ovarian dysgerminoma with (Ueda et al.), 748

Trophoblastic disease follow-up, alternative in (Scheer and Goldstein), 838 (Comm. in brief)

- Trophoblastic—Cont'd  
 long latent development of (Güvener, Kazancigil, and Erez), 679
- Tubal catheterization: applications of new technique (Guerrero, Durán, and Ramos), 674  
 pregnancy following application of tantalum clips at culdoscopy for sterilization (Neuwirth, Casthely, and Kim), 1066
- Tumor(s), granulosa cell, in tissue culture (Goldston, Wilbanks, and Campbell), 652  
 gynecologic, gallium-67 scintigraphy of (Symmonds and Tauxe), 356  
 pituitary, endocrine diagnosis of, in galactorrhea syndromes (Kase, Andriole, and Sobrinho), 321
- Twin, retained second, in Ibadan: its fate and management (Adeleye), 204

## U

- Ultrasonic B-scanning, value of, in diagnosis when bleeding is present in early pregnancy (Varma), 607  
 localization of Lippes loop (Ianniruberto and Mastroberardino), 78  
 method, new, for transabdominal amniocentesis (Bang and Northved), 599
- Ultrasound, teatologic study of rats exposed to (McClain, Hoar, and Saltzman), 39
- University-community hospital affiliation in obstetrics and gynecology: effect on resident recruitment and education (Willson and Gosling), 469
- Urea nitrogen/total nitrogen ratio, urinary, as index of protein nutrition. I. maternal nutrition (Beydoun et al.), 198
- Urinary estriol excretion, low, and pre-eclampsia, child development after pregnancies complicated by (Yogman et al.), 1069  
 urea nitrogen/total nitrogen ratio as index of protein nutrition. I. maternal nutrition (Beydoun et al.), 198
- Urine, crystalline estrogen from, and follicular hormone from ovaries, isolation of (Doisy), 701 (Classic pages)  
 fetal, meconium, and amniotic fluid, radioimmunoassay of oxytocin in, during late pregnancy and delivery (Seppälä et al.), 788
- Uteri, cervix, extragenital adenocarcinoma metastatic to (Daw), 1104 (Comm. in brief)  
 corpus, rhabdomyosarcoma of (Donkers, Kazzaz, and Meijering), 1025

- Uterine cervical cancer with extensive lymph node metastases, prognosis of (Hsu, Cheng, and Su), 954  
 cervix, carcinoma of, complications of radiotherapy for (VillaSanta), 717  
 iliac, and carotid blood flow in pregnant and nonpregnant ewes, effect of exercise stress on (Orr et al.), 213  
 perforations suffered at elective abortion, management of (Nathanson), 1054
- Utero, cerebral blood flow, oxygen consumption, and glucose utilization of fetal lambs in (Makowski et al.), 292

## V

- Vacuum electrode, application of: human fetal electroencephalography (Mann et al.), 898
- Vagina, familial occurrence of congenital absence of (Jones and Mermut), 1100 (Comm. in brief)
- Vaginal hysterectomy for sterilization (Roach et al.), 670  
 wall cytologic smears, use of, to predict abortion in high-risk pregnancies (McLennan and McLennan), 857
- Vessels, cutaneous, changes in capillary filtration coefficient of, in women with premenstrual tension (Wong et al.), 950
- Vicarious menstruation (Dunn), 568 (Comm. in brief)
- Virus infection of female genital tract, correlations between clinical and laboratory findings in (Amstey, Nasello, and Balduzzi), 479
- Vulva and Bartholin's gland duct, progressive synergistic bacterial gangrene arising from abscesses of (Roberts and Hester), 285

## W

- Weight and blood pressure, its effect on: depo-medroxyprogesterone acetate as contraceptive agent (Leiman), 97

## X

- X-ray pelvimetry chair, three-directional, simplified isometric method of cephalopelvimetry with use of (Matsuda, Konno, and Sugiyama), 223

## Y

- Y chromosome fluorescent pattern, normal, in testicular feminization (Neu and Gardner), 932
- Ypsilon: new silicone-covered stainless steel intrauterine contraceptive device (Soichet), 938
